## IFAP'S RTO STATUS CONFIRMED BY ASQA

Dear Members and Clients,

I am pleased to announce that IFAP's ongoing current status as a Registered Training Organisation (RTO) has recently been confirmed by the Australian Skills Quality Authority (ASQA).

At a time when ASQA has been taking a more robust approach to compliance for many training organisations across Australia, I am pleased that we have maintained our status whilst making a range of enhancements to both our suite of training courses and our support services.

The team at IFAP look forward with confidence to continuing to provide nationally recognised training courses from our two training centres in North Lake and North Fremantle. We are committed to providing quality vocational education and training to our members and clients.

IFAP wishes to thank its members and clients for their ongoing support and look forward to maintaining a close working relationship.

Yours sincerely,

Matt Hallinan
